

Assignment #2 – Your Day in History (Events)

Assigned: Friday, February 5, 1999

Amendment

Part 2 – due Tuesday, February 9, 1999

Over the weekend, I discovered that *The New York Times* web site only covers birthdays from September 1 through February 8. If your birthday falls outside of this period, you'll need to use information from the Associated Press.

If your birthday falls in the period February 9 through June 30, you can find it in the archive located at

<http://www.kwtv.com/today/archive-1/index.html>

If your birthday falls in the period July 1 through August 31, the archive you'll use is

<http://www.kwtv.com/today/archive-2/index.html>

Once you have the correct archive, click on your birth date and complete the assignment as made last Friday.
